JOIN RED CROSS JOURNEY WITH YOUR SCHOOL!

Sign up to this fundraising step-challenge with a difference – you will learn about global and local events, and get to know real people who have been affected by disaster or conflict.

It's free to join – all you need is a team captain to sign you up (can be a teacher or student).

As your team walks 10,000 steps a day, you will receive regular chapters of the journey you are following, to keep you motivated along the way! Your fundraising efforts will go towards helping others, just like the people you will learn about.

A curriculum-friendly pack has been created just for school teams, complete with discussion exercises, pop quizzes and essay questions. Learn about the global migration crisis while following a real journey of refugee-background Kiwis now living in Aotearoa New Zealand.

Get in touch to arrange a Red Cross representative speak to your school during Red Cross Journey to answer any questions about the global migration crisis and the work of Red Cross.
